EDUCATION

Case Western Reserve University (CWRU) | Cleveland, OH Fall 2025 – Spring 2029
Bachelor of Arts in Artificial Intelligence
• Minors in Cognitive Science, Economics, & Mathematics | Dean's High Honors | GPA: 3.75

EXPERIENCE

IT Intern (IT/DevOps) | Cydome January 2025 – May 2025
• Automated AWS EC2 and Proxmox VM provisioning with Ansible (IaC), cutting setup time from > 1 hr to < 5 mins
• Designed and implemented 4 Ansible roles for containerized Docker NGINX deployment & service updates
• Developed Terraform module reducing AWS EC2 ESET Mini-agent orchestration to a single command

IT Program Assistant | Ravinia Festival May 2024 – August 2024
• Resolved help desk tickets for 100+ employees ensuring continuity across 12 departments in peak festival season
• Inventoried and maintained 200+ hardware devices to enable seamless IT operation

Code Coach (Tutor) | theCodersSchool February 2022 – August 2024
• Developed personalized curricula for 20 students in 1:1 or 1:2 code teaching
• Awarded *Coach Spotlight* recognition out of 10 coaches based on student outcomes and parent satisfaction

Guest Services: Parking Attendant (Donor lot) | Ravinia Festival Summers, 2022 – 2025
• Assisted hundreds of donors per night; directed traffic; ensured first-time attendees knew where to go
• Recognized by supervisor for staying calm under pressure

PROJECTS

Ndo | Python March 2023 – Ongoing
• Structured and wrote open source VIM-inspired terminal (TUI) to-do list application and text editor
• Maintained production-quality code standards across 1,000+ commits
• Engineered a custom ncurses/ANSI wrapper enabling features not available in standard libraries

mecaneer23.github.io (Portfolio Website) | JavaScript/HTML/CSS May 2022 – Ongoing
• Created 10+ page website using Vanilla JS/HTML/CSS; 0 external frameworks and 0 UI dependencies
• Built interactive 3D office in A-Frame WebVR with custom physics, WASD movement, and collision detection

Binary to Decimal Converters | Over 50 languages July 2021 – Ongoing
• Developed tool comparing fundamental concepts across 50+ programming languages

LEADERSHIP & CAMPUS INVOLVEMENT

Researcher | Artificial Intelligence Research Lab November 2025 – Current
• Selected as only 1st-year undergrad in Vipin Chaudhary's graduate AI research lab, focusing on agentic LLMs
• Moderated 150 person OH-SCIPE workshop on Large Language Models

Student Board Member & Leader | Cleveland Hillel October 2025 – Current
• Designed & executed a campus-wide survey; presented data & insights to the Cleveland Hillel Board of Trustees
• Hosted Jonathan Elkhoury, minority rights speaker, for campus presentation on peace in the Middle East
• MTF Fellow: Recruited 25+ student leaders from diverse organizations for an interfaith leadership trip to Israel
• Community Relations Committee Fellow: Building relationships with influential campus organization leaders

Tour Guide | Case Western Reserve University December 2025 – Current
• Delivering customized tours and university information to 100+ prospective students and families

Other Involvement: GELS (Ethical Leadership), Collaborative Coding, ENTP Club, Marching Band, Ultimate Frisbee

AWARDS

CWRU THINKFast Pitch Competition | 1st Place Winner February 2026

Men of Principle Scholarship | 3rd Place Winner February 2026

HackCWRU 2026 | Vice Provost of Innovation AI Scholarship Winner & Top 5 Overall Finalist January 2026

SKILLS & INTERESTS

Programming/Scripting Language Fluency: Python, Java, Vanilla JS, HTML/CSS, Bash

DevOps: Ansible, Terraform, Proxmox, Docker, AWS, Android Studio (FTC), Linux, Git, REST APIs

AI Tools: Claude Code, Claude Cowork, Codex, Microsoft Copilot, Cursor, Gemini, ChatGPT, Grok, HuggingFace

Support/Office: Freshdesk, Atlassian Suite, Microsoft 365, Google Workspace, LibreOffice, Windows (7/10/11), macOS

Interests: Vintage car racing, music performance (trumpet), calisthenics/gymnastics
